Skagit Search and Rescue is responsible for search, rescue, recovery, and other missions that are normally outside the capabilities of conventional emergency services both in and outside of Skagit County. Depending on the position you choose, training can last anywhere from 2 to 7 months. The SAR Recruit Academy includes topics such as land navigation, patient assessment and treatment, survival, rope rescue, helicopter operations, and more. Meetings are open to the public, we encourage anyone interested to stop by and see how you can help serve your community.
